

# Interstate Container Specialty Services

## Add value across the entire supply chain

Along with our six-decade history of delivering world-class corrugated packaging solutions, Interstate Container also offers a variety of specialized services:

- Just-in-time (JIT) delivery options
- Warehousing/inventory management
- Fulfillment services
- Specialty gluing and printing
- Color management

## Reduce costs through smarter delivery and fulfillment practices

Because of the centralized location of our facilities, Interstate Container offers Just in Time (JIT) delivery services. A variety of delivery options allow for maximum flexibility without added inventory costs.

If you would rather not wrangle with the headaches and expenses of in-house inventory management we also feature warehousing services.

Our experts will help you analyze your inventory situation to determine the optimal strategy for your operation.

Finally, we also offer fulfillment services, including pack-out/kitting, assembly and pre-packing of smaller components, and distribution capabilities.

## Finish strong: printing and gluing services

When it comes to printing high-impact graphics, our precise and color-consistent printing presses can withstand any challenge.

Our X-Rite® color management technology allows us to achieve a color consistency within 2 delta E, and our in-house ink kitchen means we can blend and dispense custom colors onsite.

If your packaging requires complex gluing, our high-tech Bobst Pacific Polyjoiner can glue more than 16 glue spots. This process saves labor and fulfillment costs and reduces SKUs by adhering multiple parts into a single matched-set package in a single pass.

## About Interstate Container

For over 60 years, Interstate Container has provided high performance, durable and sustainable packaging solutions and services across the eastern half of the United States.

Backed by INDEVCO, a \$2B multinational manufacturing group spanning Europe, North America, Africa and the Middle East, and our parent company, Interstate Resources, Inc., Interstate Container combines global experience with local presence to provide innovative products and services that add efficiencies and cut costs at every step along the supply chain.
